About This Game

Fighting box is a casual game with characters that use boxing gloves, the player must to hit the opponent until his energy bar drain out, or the opponent fall out from the ring. The game use procedural levels, so the player can play as long as he survives or until the time out per round.

I intend to improve the AI, work a bit more on graphics, and as the levels are formed procedurally, i intend to to create more objects, traps, and more interaction between them, in order to deliver many diferent levels for the game not become repetitive. i'm also creating the multiplayer mode and cooperative mode.

This is one more game made on Blender Game Engine, i hope the players enjoy.

CHARACTERS:

Title: FIGHTING BOX
Genre: Casual, Indie
Developer:
Artur Rezende
Publisher:
Artur Rezende
Release Date: 25 Oct, 2017

7ad7b8b382

The concept is great but the game gets boring after 5 minutes. Maybe if leader boards are included for competitiveness I would be inclined to play more. At the moment it seems the developer hasn't spent much time on the game.. I like the game; it's a fun little game that I can play if I have 5 minutes to spare and nothing else to do. I am, however, experiancing crashes every 5 minutes or so. Overall, I think it's a fun game that could become great with the right development.
